

# Canibus Lyrics

## "Indisible"

*[Canibus]*

I translate images over the distance  
Usually inflation premiss to the minus thirty-two second  
Back to the Canibus era  
My eponym is apparent  
Those who hear my efforts gotta give me the merit  
Off lyrics alone I'm a legend  
But I can't take credit, the English language was not my invention  
It's the way I put it together  
The incorrect English editor  
Can't nobody ever do it better  
People forget but the history will remember  
I plead guilty to the charge and accepted the sentence  
Let the records show I resisted under the pressure  
My short and precise to raise the measure

*[Hook]*

*[Canibus]*

Hip-hop forever  
That's what I see when I look in the mirror  
Regardless of whether I'm not a bestseller  
I'm a first class spitter  
The literal literature ripper  
Painting pictures for intelligent listeners  
From any and all dispositions  
The fusion of what's written creates a fission called Canibus-ism  
The intellectual division of science and religion  
People waste their momentum trying to defend it  
All I do it put it to ink then put it to print  
See what you think, maybe I should speak to a shrink  
I could fix the way they look at the world  
They read all these books in a barrel  
But they can't think for themselves  
Self-contained, I'm all balls, belts and brains  
Muslim strong 'cause no one ever help Germaine

*[Hook]*

*[Canibus]*

Observe the whole world's pain  
And tell me you ain't tired of brain  
The catholic faith will never be the same  
You could be put in chains 'cause you got a Muslim name  
Sent to Guantanamo Bay and tortured for days  
Man, I'd rather buy some land and grow and orchard of grapes  
Drink vegetable juice and stay away from steaks and shakes and snakes

These rancid corporations is fake  
Nobody ever gives you what they already didn't take  
    Invest the wake, you'll be broke till you break  
Man you learn to pick a lock you wanna open a gate  
    I mimic hater like flight simulators in air bases  
Recovered from an adverted spinner, now I'm famous  
    Those who respond to Rip the Jacker with hate  
    Show poor taste and only exacerbate their fate  
    MicClub.net, get it right motherfucker  
    Get it right, get a mic

*[Hook]*
